

Join us for a Research Showcase

Calling our colleagues and external partners! Find out about the work that is being undertaken within our ARC themes, and understand the potential that the research offers in terms of implementation, change and benefits.

24 May 2022
12.30 – 1.30pm

Theme: Data2Health

Chair: Professor Laura Gray, Lead for the Data2Health Theme

This showcase will focus on component network meta-analysis (NMA) methods and will:

- Outline the approach in non-technical terms
- Demonstrate its application using recently published reviews we have collaborated on
- Consider some of the current limitations of the approach
- Present some methodological developments, including visualisation techniques the presenters have developed to overcome some of the limitations
